2017

The Year 2016 turned out to be the most interesting, most intensive and most successful for us:) It has, however, just finished :) Let's come back to it for just a moment.

We started it with the innovative idea of creating the one and only "the Designer's Zone". We broaden our offer with the pattern knitted. We also started our own production of fabrics and we moved server of our internet shop (obviously with some technical issues;).

We also started our newsletter, blog, Instagram account as well as youtube channel.

We finished the year with the spectacular success of our birthday competition:)

We will do our best to make New 2017 Year as creative as the Old One, having in mind all taken initiatives.

Our blog is still developing providing you more and more information. Free sewing courses is coming soon on our youtube channel.

We are still working on cooperation with famous people in our brand.

As you can see, New Year is going to be as interesting as the Old One.

Talking about changes... in our shop you will have the opportunity to witness the fundamental change.

Some of you have probably noticed it and already know what the main theme this year is going to be. About that, however, We will tell you more soon:)

Meanwhile, we would like to invite you to read our New Year's newsletter in which we present some of spring collection. You will find something for both girls and boys, for children and adults.

We would also like to encourage you to take part in the Great Orchestra of Christmas Charity.
