

Men's Collection

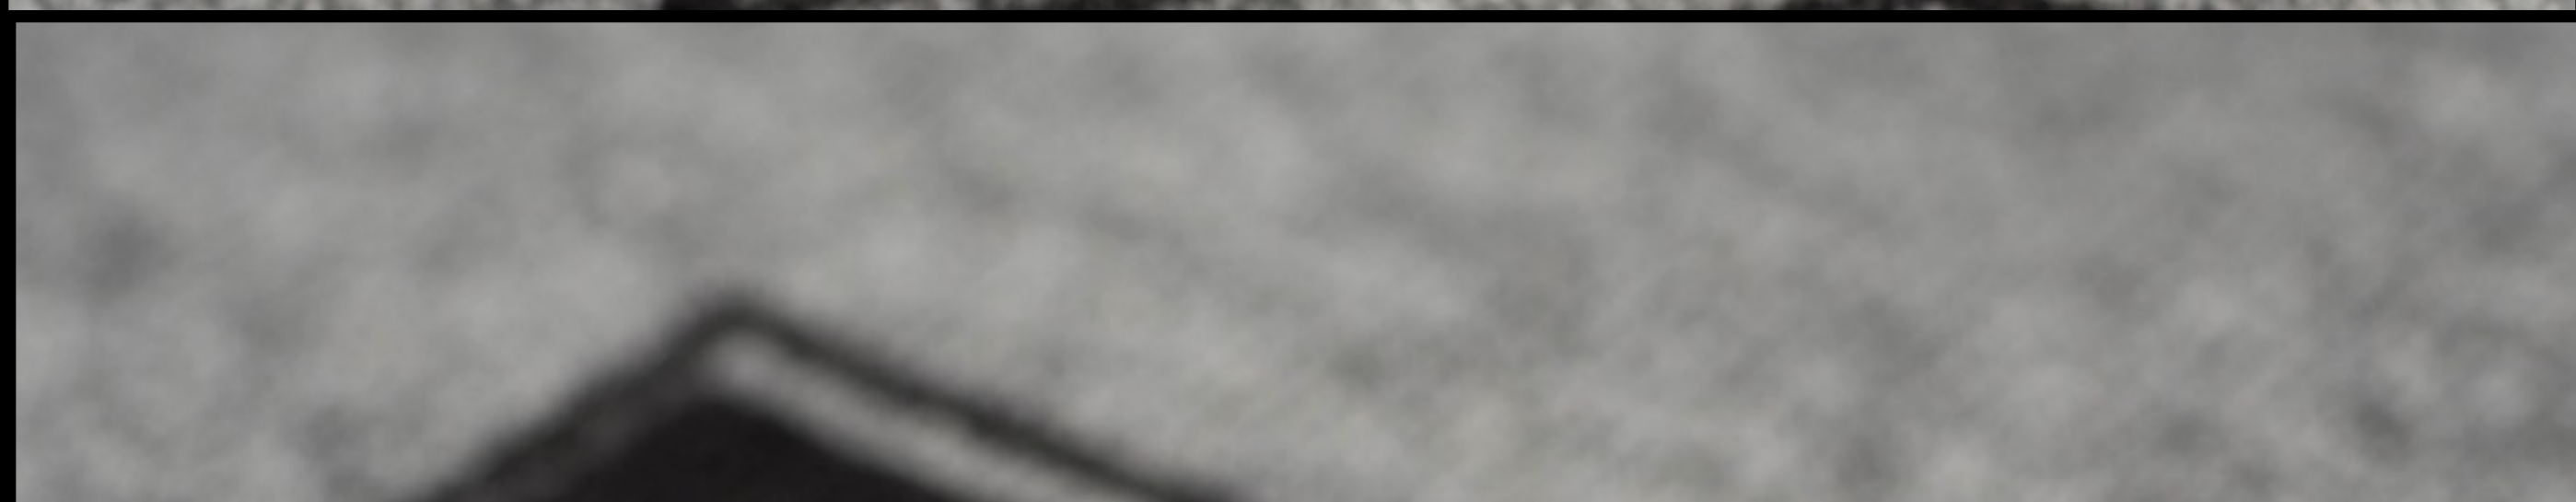

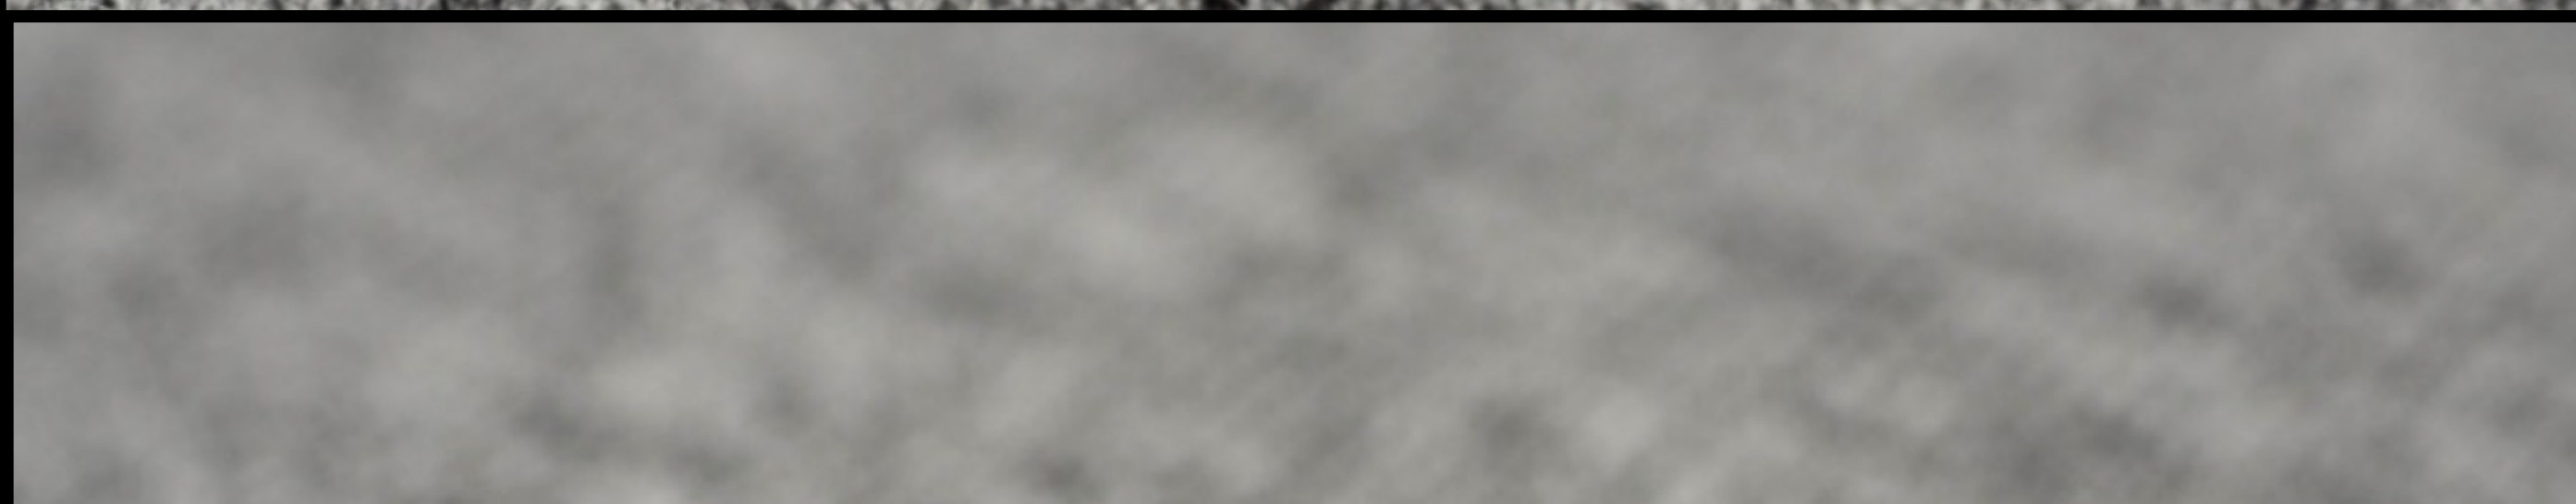

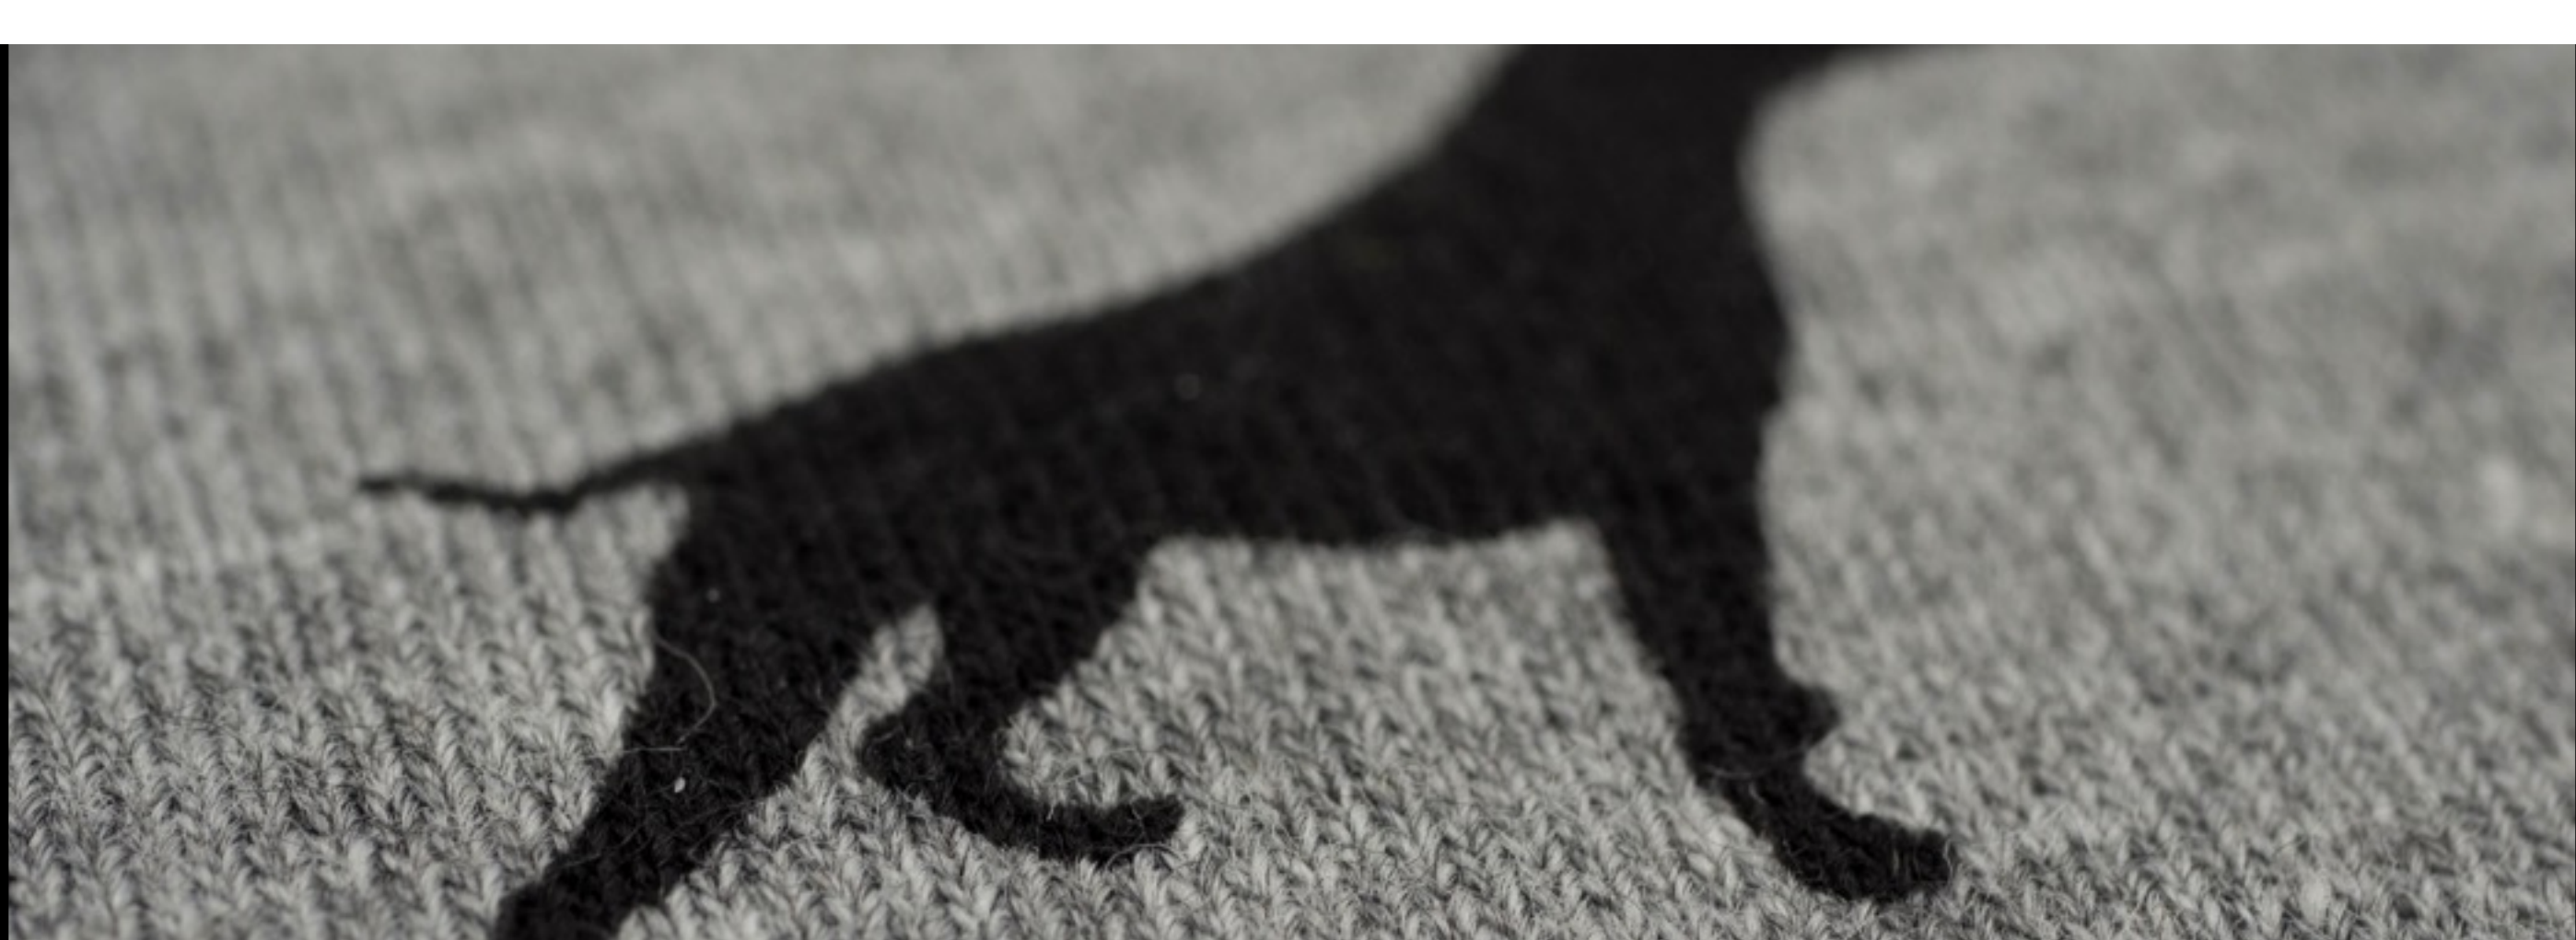

Along with our new collection, finally we want to give you a lot of reasons to start sewing for your men:) So far, in our industry there were very few men's designs, it is high time for a change! We start with 12 designs in modern style, ideal for men at all ages – minimalistic, clean with taste.

We have gathered, in our opinion, themes refering to men's interests, from sports, motorisation to retro – gadgets.
